

# 2016 NEW ROSES

Roger's Gardens is proud to offer six new roses for 2016.

**POLYNESIAN PUNCH**  
*FLORIBUNDA*

This ever-blooming rose displays a kaleidoscope of colors ranging from orange to pink to yellow. The compact, tidy form looks great in both landscapes and containers.

**SMOKIN' HOT**  
*HYBRID TEA*

Totally unique colors, both flower and foliage, are the highlight of this new rose. Blooms of smoky red set off by a white reverse are enhanced by the red-tinted, dark green foliage.

**PRETTY LADY**  
*HYBRID TEA*

Beautiful, vibrant dark-pink flowers adorn this new Hybrid Tea. The old-fashioned, ruffled form of the blooms give this plant a uniquely elegant look. Its spicy perfume is intoxicating.

**GOLD STRUCK**  
*GRANDIFLORA*

Robust and disease resistant, this rose shows off its golden yellow and orange blooms above glossy, dark green foliage.

**APRICOTS & CREAM**  
*HYBRID TEA*

A compact yet vigorous grower sporting pastel-color flowers of ivory and light apricot. Exhibits more disease resistance than many other Hybrid Teas.

**CANDY CANE COCKTAIL**  
*FLORIBUNDA*

This rose seems to be constantly flaunting its beautiful bi-colored white blooms saturated with pink and red. The disease resistant dark green foliage maintains a neat, orderly shape.
